THE GREAT SUNFLOWER CHALLENGE!

DECOR GARDENWORLD

GROWING TIPS

🌻 **Sunshine:** Choose a sunny, sheltered spot with at least 6–8 hours of direct sunlight daily.

🌱 **Planting:** Plant seeds 2–3 cm deep in rich, well-drained soil. Keep the soil moist while they germinate.

📏 **Spacing:** Allow 60–90 cm between plants so your giants have plenty of room to grow.

💧 **Watering:** Water regularly, especially during dry weather. Keep the soil consistently moist, but not waterlogged.

🪵 **Staking:** Giant sunflowers can grow very tall! Place a sturdy stake beside each plant early and tie the stem loosely as it grows to help protect it from wind.

🚀 **Give them a boost:** Once your sunflowers are established and actively growing, feed with ican Liquid Fast Food, diluted according to the label directions, to support healthy growth.

🌻 **Competition tip:** Plenty of sunshine, good soil, regular watering and sturdy support will help your sunflower reach its full potential. Happy growing!
